Dear Friends,

Since its inception, the Chinatown Health Clinic Foundation has been committed to its mission to improve access to quality health care for the underserved. Proud to support work that helps build stronger and healthier communities, we are happy to share with you the tremendous work done by our partner, the Charles B. Wang Community Health Center.

Nationally recognized as a leader in quality care, the Charles B. Wang Community Health Center provided comprehensive primary care and culturally appropriate support services for more than 58,000 patients in 2017. The Health Center also continued crucial programming to address the unique needs of our diverse population, including a support group for parents of children with special needs, hepatitis B testing and treatment services, and breastfeeding education for new parents.

We recognize that now more than ever, we need to empower our most vulnerable populations to transform their lives. By uniting the passion of our donors, staff and community members, we can ensure that more people will thrive and get the care that they deserve.

To all of you, we extend our sincerest thanks and hope you’ll continue to partner with us.

Sincerely yours,

Raymond Fong, MD

Many are **low-income** Asian Americans with **limited English proficiency**.

Some are **uninsured** and have difficulties getting the care they need because of language or cultural barriers.

Your donations this past year helped transform people's health by providing **quality health care** when they need it the most.

Consider donating again this year to support our programs and services by visiting our Online Donation page [www.chinatownhealth.org/donate-now.asp](http://www.chinatownhealth.org/donate-now.asp) or mail us a check.
